Note : * Insurers are not recognized as course providers in BC.			

Recommendations are based on the thoroughness of the training provided (training approaches and assessment methods, quality control mechanisms, material used, etc.) and the presence of sufficient resources to ensure the viability of the training program. Final approval as an LLQP Course Provider depends on the individual jurisdiction's criteria. To ensure a Course Provider above is approved in a province or territory, please contact the Insurance Services Regulatory Organization for that jurisdiction.
